

Networking Urban Resources with Teachers and University to enRich Early Childhood Science

Wendy Stanley
Implementation Coach

Wendy Stanley is the Implementation Coach for the NURTURES grant. She earned her Master's Degree in Education with a concentration in science from The University of Toledo. She is currently a doctoral student in the Judith Herb College of Education. Her areas of interest include science and literacy instruction. Prior to the NURTURES grant, she worked on a project at The University of Toledo in conjunction with Ohio State University called Project STAR (Sit Together And Read). This federally funded research project investigates the effects of teacher-child reading in the early childhood special education (ECSE) preschool classroom and parent-child book reading at home and how it influences children's early literacy development.
